

Photo Pod Available for various hire durations (3 hours typical)

The Photo Pod is a wonderful addition to your Wedding Entertainment. Its minimal and stylish design makes it suitable for most wedding venues, taking up very little room, and delivering lasting memories.

If you want a variation on the classic enclosed photo booth, this could be just what you're looking for.

Features & Benefits

- Professional Photos - (the pod incorporates a very high quality Canon DSLR camera, where many other pods use an inferior webcam or iPad)
- Touch Screen Technology - no need for a mouse or keyboards
- Fully Standalone - Everything is built into the pod, camera, LED light ring, high specification PC and industry standard printer so no unsightly accessories
- Sharp, High Quality Prints - in seconds from the built in printer (Colour or B&W)
- Green Screen Technology - choose a different background on every shot if not using one of our professional backdrops, or.....
- Stylish Backgrounds—choose from a backdrop to suit your style (current options below)
- Also:
- Great For Group Shots / Ideal For Smaller Venues - If space is limited
- Suitable for children & wheelchair bound guests due to portrait orientation - everyone can be seen properly in the shot
- Available in gloss white or gloss black with white sides
- Share to social media instantly - (this option can be enabled if required)

Also included:

- 2 Prints Per Visit
- Guest Book (for the second print and for guests to leave a message)

Available Backdrops: (8ft wide x 7.5ft high for incredible photos)

Please don't hesitate to contact us should you require any further information.
